ICS 300/400/EOC

A 40-hour combined Intermediate/Advanced Incident Command System course created for supervisory or management staff that would be assigned in a supervisory or leadership role in the Command or General Staff of an emergency response incident or major pre-planned event. This course introduces participants to the Emergency Operations Center, is a requirement to work in the Stanislaus Operational Area EOC, and meets NIMS/SEMS compliance.

Target Audience: First line supervisors, middle managers. **Pre-requisite:** Completion of Introduction/Basic NIMS/SEMS/ICS course.

Special Notice:

Anyone with emergency management responsibilities, including planning, response, mitigation and or recovery from emergencies is required to be NIMS compliant. All public agencies, including schools, medical and other government organizations that have any role in emergency management need to meet or exceed all NIMS requirements. By attending the courses offered here in Stanislaus County, you will avoid the high registration cost associated with other training (generally \$600+) for registration alone. This training will provide you with the necessary skills to respond and be successful in emergency management regardless of your role in our next emergency/disaster response.

REGISTRATION

Early registration is recommended. Classes fill quickly.

(Preference given to Stanislaus County Emergency Response and Management Personnel.)

To register for courses go to www.stanoes.com, then select the Training section on the left hand side of the page to select and register for the class you wish to attend.
